PRACTICE .

MADE PERFECT .

Three Peaks Super Stars

Integrated Dental Holdings would like to congratulate its Earl Royd Dental Centre from Keighley who undertook the gruelling Three Peaks Challenge on September 8th in a bid to raise money for the Ronald McDonald House Charities (RMHC).

Two teams of four took part in the challenge, including Dean Cowen Dentist, Marion Aston hygienist, Anne Sheffield receptionist, Leasa Robinson and Anne Woodhead nurses and three family members. During the months leading up to the challenge several members of the practice had completed training walks with the teams and covered the Peaks in various ways to make sure they were all fit to do the main event.

Both teams successfully completed the challenge in a rather impressive 10.5 hours, raising a huge £1700.00, which was mainly from patient's contributions at the Dental Centre!

Proud of the effort their practices put into team relations, IDH commends its Earl Royd Dental Centre for working together to do their bit for such a deserving cause, which provides much needed support and accommodation

to families with children in hospital. RMHC is a charity that IDH wholeheartedly supports on a regular basis.

To find out more about IDH, please call Gemma Bradshaw on 01204 799751 or e-mail: gbradshaw@integrateddental.co.uk
